PRESIDENT'S PLAN FOR GERMAN COLONIES GOES

WILSON REPLIES TO OBJECTIONS

Explains in Detail to Peace Council His Plan for Disposal of Former Colonies.

MAY BE COMPROMISE

Agreement on Question Will Probably Be Reached Through Mutual Concessions—U. S. Guardian-ship Is Suggested.

Paris, Jan. 30.—Instructions to be given the Allied mission to Poland recently authorized and about to leave on its journey were taken up by the supreme council of the peace conference.

The program called for the appearance of the Polish and Czech-Slovak representatives before the council to present their views.

South Americans Form Council.

South and Central American delegates to the peace conference have decided to create a commission to safeguard the interests of all these nations before the conference, with delegates especially assigned to look after various subjects.

The French government, according to the Paris Journal has proposed to the powers that Finland be recognized as an independent nation.

British War Cabinet Meets.

Great Britain's war cabinet had a special meeting to discuss the difficulty arising between President Wilson's plan for the disposal of German colonies and that of the other conferees, according to the Paris edition of the London Daily Mail, which adds:

"It is believed that some approach was made toward Mr. Wilson's viewpoint after Mr. Wilson's important speech giving more details of his plan. Premier Lloyd George, Foreign Minister A. J. Balfour and Premier Georges Clemenceau followed Mr. Wilson in speaking on the subject."

"Agency" Plan Offered.

The American plan looks to international control of the colonies, backward nationalities and tribes by individual powers or by agents to be known as "mandatories" of the League of Nations. These agents are to derive all their powers from the league and to act on the lines of policy dictated by that body.

One argument against the league's control of colonies advanced by the British colonial officials was that the "mandatories" might feel themselves saddled with enormous financial responsibilities in an effort to develop their wards and yet be subject to criticism in the event that they failed to bring them forward.

Wilson Answers Objection.

President Wilson himself felt called upon to answer this argument by the statement that the American plan contemplated mandatory power would be liable only for administrative expenses; other expenditures would be made only when authorized by the league, unless the colony was able to finance itself out of its own resources.

The plan has not progressed to a point where any attempt has been made to assign particular nations to these guardianships. In the case of America, it has been suggested that owing to its large influence in Turkey, through the numerous graduates of Roberts college and because of the disinterestedness of America, if it is called upon to assume such charge it might naturally first take upon itself the guardianship not only of Turkey in Europe, but also a considerable portion of Turkey's former provinces, including Armenia.

COURT HAS NO JURISDICTION

Federal Judge Declines to Restrain New Phone Rates.

Indianapolis, Jan. 30.—The petition of the Indiana public service commission for an injunction to prevent the Burleson long distance telephone rates from being placed into effect was dismissed by Judge A. B. Anderson in United States district court here.

Judge Anderson held his court had no jurisdiction.

Representatives of nine central states urged that the injunction be issued.

PRAISES MONROE DOCTRINE

Lord Robert Cecil Says Results Have Been Satisfactory.

London, Jan. 30.—Lord Robert Cecil, the British authority on a league of nations, praised the Monroe Doctrine in an interview regarding the interest of neutral countries, especially Latin-America in a league of nations. Lord Robert said:

"The Monroe Doctrine has given satisfactory results in practice which justifies its further application as a model of operation."

COUNT ANDRASSY

Former Austrian Foreign Minister Arrives in Berne.

Count Julius Andrassy, former Austro-Hungarian foreign minister, has arrived at Berne, Switzerland.

AIMED AT BOLSHEVIKI

House Receives Bill to Regulate Immigration.

Committee Report Says Measure Will Protect Labor From Unfair Competition.

Washington, Jan. 30.—America as a melting pot "has proved to a great extent a delusion and a snare," declared the House Immigration committee in its report on the bill to prevent general immigration for four years after the signing of the peace treaty.

The report said that the legislation not only would protect American workmen from unfair competition during the period of international adjustment, but would prevent the Bolsheviki from coming to America to spread their doctrine.

"If the Bolsheviki in Russia are suppressed," said the report, "they will be the ones to come here to join their brothers, both foreign and native, in flaunting the red flag and teaching death to individuals and destruction of property."

"It is impossible to keep out revolutionists and Bolsheviki without keeping out practically everybody. We have had a law excluding anarchists for years and yet the war developed the fact that we have thousands of them in our midst."

In presenting the report, Chairman Burnett announced that he soon would offer a resolution asking for a rule to give the legislation right of way in the house.

YANKEE SECURE BIG GUNS

Five German Cannon Worth \$150,000 Each Are Sent to Coblenz.

Coblenz, Jan. 30.—The German commission notified the Americans that five guns mounted on railway cars were on their way to Coblenz from Spandau to be turned over to the Americans with other equipment, in accordance with the terms of the armistice.

Ordnance experts estimate that these guns, mounted and ready for action, are worth \$150,000 each. The other war material consists of from three to four types of bombing planes used by the Germans.

SPECIAL ELECTIONS FEB. 18

Two Vacancies in Minnesota Senate Will Be Filled.

St. Paul, Jan. 30.—Tuesday, Feb. 18, was the date set by Governor J. A. A. Burnquist for the special election of successors to Senator Carleton L. Wallace, Minneapolis, and Senator H. F. Wels, LeSueur, who died recently. Under the provisions of the law the primary election will take place Feb. 11, and candidates will have until next Monday night to file.

STEPS TO ADJUST CLAIMS

Senate Seeks Information on Mexican Depredations.

Washington, Jan. 30.—A favorable report was ordered by the Senate Foreign Relations committee on a resolution by Senator King of Utah, asking for information from the State department regarding what steps had been taken to adjust claims of Americans growing out of Mexican border depredations.

Business Men's Fears Cause Unemployment Problem

(By United Press)
Washington, Jan. 30.—The unemployment question would instantly solve itself if American business men would forget their fears of panic and resume normal activity, Secretary of Labor Wilson declared today.

Northwest German Republic Proclaimed

(By Frank J. Taylor, United Press Staff Correspondent.)

Berne, Jan. 29.—A northwest German republic has been declared by Brunswick Soldiers and Sailors Council, dispatches received here today stated. The new state extends from the Hartz mountains to the North Sea including Halburg, Schleswig-Holstein, and parts of Saxony and Altmark. It is based on socialism and communism.

Hungarians Conduct Big Demonstrations

(By United Press)

Budapest, Jan. 30.—Hungarians conducted enthusiastic demonstrations throughout the country cheering the United States and allies as a result of the peace conference note warning that claims to territory occupied by force will receive no recognition at the peace table.

General Strikes are Bolshevistic

(By United Press)

London, Jan. 30.—General strikes throughout Great Britain and Ireland are Bolshevistic, Frank Smith, the British labor leader, told the United Press.

Congress Must Legislate to Provide Work

(By United Press)

Washington, Jan. 30.—Congress must legislate at once to provide work for the unemployed if the spread of bolshevism is stopped, Secretary of Labor Wilson declared.

British Embargo Declared Commercial War

(By United Press)

Washington, Jan. 30.—In clamping an important embargo on more than three hundred commodities the British have declared open commercial warfare on this country, many government officials and members of congress declared today.

BY FRED S. FERGUSON, (Staff Correspondent, United Press)

Paris, Jan. 30.—The peace bureau renewed its discussion of the German colonial problem this morning. France and Italy are reported today to have followed the British lead in modifying their expansion ambitions.

BY ROBERT J. BENDER, (United Press Staff Correspondent.)

Paris, Jan. 30.—America's participation in the peace settlement may depend on the decision regarding the disposition of the German colonies, it was intimated today.

President Wilson believes the League of Nations, the principle of which was unanimously adopted only last Saturday, will be given its death blow if the allies now insist on dividing Germany's former colonies like so much loot. The League of Nations was one of the principal ideals for which the United States entered the war. Some of the allies appear to favor carrying out the old world custom of a division of the spoils before the League of Nations begins to function, which may account for the unexpected pressure for territorial problems at this time.

Baker Will Go to Paris When Wilson Returns

(By United Press)

Paris, Jan. 30.—Secretary of War Baker will come to Paris in February it is reported on authoritative information here. President Wilson will probably return to the United States February 15th and the above dispatch may indicate that Baker will be the President's proxy at the peace table.

Home Demobilization Complete in 15 Days

(By United Press)

Washington, Jan. 30.—The demobilization of soldiers in this country booked for immediate discharge will be completed in the next 15 days.

Scotch Strikers Raid Yard

(By United Press)

Glasgow, Jan. 30.—Striking shipbuilders raided the yards today dragging out several non-unionists. A serious clash was narrowly averted.

Free Tuition for War Workers

St. Paul, Jan. 30.—The house today passed the bill providing free tuition to state schools for soldiers, sailors and women war workers.

Withdraw Russian Support Unless Plan is Endorsed

(By United Press)

Washington, Jan. 30.—The United States threatens to withdraw its support from the Russian republican factions unless they at once endorse President Wilson's plans for ending Russian strife through meeting with the bolsheviki and allied delegates on the Princess Islands diplomats disclosed today. A recall of American troops in Archangel and in Siberia, and an embargo against exports and a withdrawal of recognition is threatened.

Urge World Wide Prohibition

(By United Press)

Pierre, S. D., Jan. 30.—The South Dakota house this afternoon discussed a resolution commending a League of Nations and urging world wide prohibition as plank of the league.

MARINE QUESTION BIGGEST

Daniels Says America Must Continue Building Ships.

Baltimore, Jan. 30.—"The biggest question in the United States today is the merchant marine question," said Secretary of the Navy Daniels in an address here at the annual Eastern Shore banquet.

The United States, Mr. Daniels declared, cannot afford to stop building ships unless it wishes to withdraw into its own national limits and surrender its share of the trade and wealth of the world to other countries.

COAL SCARCE IN GERMANY

Reserve Stocks Are Exhausted and Many Factories Close.

Berlin, Jan. 30.—The coal shortage throughout Germany is so threatening that for the moment all other questions are overshadowed. The larger factories are already closed and it will be necessary to shut down many of the biggest plants in Berlin if the situation does not improve within a fortnight. The reserves are virtually exhausted.

RECOGNIZES POLISH REGIME

Secretary Lansing Sends Message to New Government.

Washington, Jan. 30.—Recognition of the provisional government of Poland has been accorded by the American government, officials of the State department said in making public a message which Secretary Lansing at Paris has sent by direction of President Wilson to Ignace Jan Paderewski, new Polish premier.

INTEND TO OCCUPY SILESIA

Czecho-Slovak Troops Will Invade German Province.

London, Jan. 30.—President Masaryk of the Czecho-Slovak republic, according to an official statement made by him and received here by wireless from Warsaw, has announced that Czecho-Slovak troops will occupy Eastern Silesia. He denied that Allied troops will be concerned in the occupation.

CARL VROOMAN

Assistant Secretary of Agriculture Resigns.

Carl Vrooman of Illinois, assistant secretary of agriculture, has tendered his resignation and it has been accepted by the President. Mr. Vrooman had been in poor health for some time and desires to remain abroad until he has fully recovered.

HINES OUTLINES PLANS

Intends to Spend \$300,000,000 on Railways This Year.

Individual Companies Will Be Given Chance to Pass on All Improvements.

Washington, Jan. 30.—About \$300,000,000 will be spent by railroads this year for extensions and improvements and \$200,000,000 for new cars and locomotives, according to preliminary plans of the Railroad administration, announced by Director General Hines.

Much greater capital expenditures will be authorized, but indications now are that the entire program cannot be carried out before the end of the year and no improvements or purchases of equipment will be ordered by the Railroad administration without approval of the individual railroad company.

Director General Hines believes the aggregate expenditures for extensions and improvements may run above the \$300,000,000 advance estimate and the orders for new cars and locomotives may fall below the \$200,000,000 figure. These outlays are in addition to \$286,000,000 of equipment ordered last year to be delivered and paid for this year. Improvements authorized, but not accomplished last year, must be reconsidered now in the light of peace conditions and will be authorized again if they are deemed still desirable.

In 1918 \$265,931,000 was spent for additions and betterments, and \$289,388,000 for equipment.

HIGHER RATE IS PREDICTED

Fifth Liberty Loan May Be Made More Attractive.

Chicago, Jan. 30.—Indications that the Fifth and last Liberty Loan—the Victory Loan—will bear a higher rate of interest and that tax exemptions and other privileges will be accorded bond buyers were made here at a meeting of loan organization officials of the five states of the Seventh Federal Reserve district.

No hint of the amount of the loan or the exact time of floating was given.

FIXED FLOUR PRICE STANDS

Food Administration So Assures Millers and Dealers.

New York, Jan. 30.—Julius Barnes, president of the Food administration grain corporation, assured flour dealers and millers in a statement here that there would be no impairment during the present crop year of the government fixed buying price of flour. He said the grain corporation had no intention of reselling below the standard buying price the stocks of flour which it had accumulated.

LAUNCH NATIONAL BOYCOTT

Women Take Action to Force Food Dealers to Cut Prices.

New York, Jan. 30.—A national boycott on all food dealers not reducing retail prices immediately to conform to wholesale price reductions was called by the National Housewives league.

Mrs. Julian Heath, president of the league, dispatched telegrams to all state and city headquarters urging them to instant action to force down food prices.

GERMANS DESIRE KAISER'S RETURN

Movement Under Way to Place Former Emperor Back on the Throne.

NOTED PERSONS ACTIVE

Field Marshal Von Hindenburg and Leading Manufacturers in Westphalia are Said to Be Interested in Plan.

Paris, Jan. 30.—According to the Echo de Paris, Field Marshal Von Hindenburg is endeavoring to bring about the return of former Emperor William after the meeting of the national assembly.

Leading German manufacturers in Westphalia are said to be interested in the plan.

The newspaper adds that the former emperor wrote to Premier Ebert that he would accept whatever residence in Germany was assigned to him.

Ebert is said to have replied that only the national assembly would be qualified to decide the question.

Sympathize With William.

Berlin, Jan. 30.—Conservative German newspapers commemorated the former kaiser's birthday by expressions of sympathy for him.

The Deutsche Tages Zeitung stated that it looked forward confidently to the hour when Germany again will be an empire under the rule of a kaiser, but said it did not necessarily mean that William should be returned to the throne.

It did, however, express hope that a homestead for the deposed Hohenzollern could be found in Germany and promised that the utmost measures would be taken, in that case, to protect him from falling into the hands of his enemies.

"It is our sacred duty," said the Lokal Anzeiger, "to remember with love and admiration the men who have plunged from the highest heights to the deepest depths."

Government to Be Turned Over.

Berlin, Jan. 30.—The German cabinet plans to turn over the government to the national assembly at the initial meeting of that body, according to dispatches received from Berlin.

Such a move, it was believed, would be the biggest possible step toward stabilization of German political affairs, enabling representatives directly selected by the people to determine all administrative and legislative details of the new republic.

Other dispatches from Berlin reported that the Ninth army corps had refused to accept the government's plans for military reorganization and that the officers and soldiers' councils, claiming supreme authority in army matters, had sent delegates to the capital to press their claims before the government.

OPPOSE MEETING BOLSHEVIKI

Northern Russians Object to Conference With Reds.

Archangel, Jan. 30.—General Miller, governor general of the region of the North and head of the North Russian government during the absence of President Tschalikovsky, has presented to the Allies in Archangel, for transmission to Paris, a statement outlining the physical and moral impossibility of holding any conference with the Bolsheviki.

The statement says that it is not only inadvisable to hold any parleys with the Bolsheviki, but it would be physically impossible for delegates from the Northern region to reach the Princess Islands by Feb. 15 without passing through Bolsheviki territory, which they consider impossible.

KEEP YPRES RUINS INTACT

Belgium Will Maintain Permanent Memorial.

London, Jan. 30.—The decision of the Belgian government to maintain Ypres, the scene of several battles between the British and the Germans, in its present condition as a permanent memorial, is endorsed heartily by British press and public opinion.

"Ypres will be a memorial," says the Westminster Gazette, "in which future generations may learn the horrors of war."

LEAVENWORTH PRISON BURNS

Fire of Unknown Origin Destroys Military Penitentiary.

Leavenworth, Kan., Jan. 30.—Fire of undetermined origin virtually destroyed the federal disciplinary barracks here with a resultant loss estimated at \$100,000. In addition, clothing in the quartermaster's department, said to have been valued at \$60,000, was destroyed. Soldiers were thrown about the buildings and prisoners assisted in fighting the flames.

First Session of International Food Council in Paris

Delegates to the International Food Council are seen here at their first official meeting in the Ministry of Commerce in Paris. From left to right at the table are Norman K. Davis, Herbert C. Hoover and Mr. Sheldon, representing the United States; Professor Attolico of Italy, General Payot, French representative in charge of reconstruction work west of the Rhine; M. Vilgrain and M. Clementel, also representing France, and Lord Reading and Sir John Beale of Great Britain.

Dainty Lillian Gish has the stellar role. He was too heavy for the slender girl to carry, and her aged aunt couldn't aid much. All about her were sacks filled with sand, protecting the family from the Hun bombardment of the village. Then came the inspiration. They would bury him in the sand. Sack after sack was dragged from the walls, and emptied over the suffering soldier of France, until only his face was visible. But he must breathe. And he would smother while the Germans were making their search. But discovery meant death for all.

Then he winced. Something under him was hard. He started to remove it. In his hand he held a cigarette holder that he carried always. Instantly the plan was completed. A handkerchief with a square removed from his mouth, was put over his face. The stem was placed between his lips. Then all was covered, with just the rim of the holder visible in the sand. The Germans looked, but did not see it. They threatened, bullied and prodded and poked, but found nothing.

At last they left, and Mon le Bebe was safe. Not for long, however. The affairs of Mon le Bebe and little Jeanette are an absorbing part of the new Griffith drama, which is one of the finest that has ever been presented by that master of the motion picture.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

IN JUSTICE TO THE Y. M. C. A.

There is danger that a very grave injustice will be done the Y. M. C. A. Our fighters seem to be in a group with it. The most human quality of youth is gossip. "If they didn't kick, they wouldn't fight," said an officer in France last summer when he reminded a "Y" secretary that his doughboys were kicking about their mail, their food, their quarters, and their pay.

Before the armistice was signed we used to hear that the Y. M. C. A. was open to criticism behind the lines but that at the front the services rendered under fire were beyond praise. One commanding officer insisted that the "Y" secretary attached to his battalion march with the men through Paris on the Fourth of July. Secretaries were mentioned in citations and were elected honorary members of outfits.

You can't very well criticize a man when he crawls out of your machine gun nest through a barrage to bring you your smokes and cookies and chocolates and letters from home. And the records show that secretaries did things like that. Many were wounded, some were killed.

The secretary in his hut back in the training area had a harder time and less opportunity to win popularity. He was a country storekeeper, a janitor, a theatrical booking agent, a promoter of athletics and a librarian rolled into one.

Formerly the criticism one heard of the Y. M. C. A. took these difficulties and differences into account, and was at least discriminating, but now it is becoming fashionable to say unpleasant things about the organization, and much of its really fine work is disregarded.

When you remember that each military unit formed its opinion of the whole Y. M. C. A. organization from one Y. M. C. A. secretary you can realize how much energy, tact and resourcefulness each of many hundreds of secretaries should have had. Unfortunately many of them didn't measure up. That was inevitable.

Perhaps the greatest fault of the Y. M. C. A. was that it assumed too many burdens. It was asked by the army to run the canteens, and it did. It was asked to organize entertainments, athletics and educational work, and it did. It was asked to send money home for the soldiers, and it did. The army called for more new secretaries, and still more. The Y. M. C. A. got them and sent them over, believing that, even though all of them weren't ideal, it was better to send them than to let the landing troops be without their huts. And the troops were landing by the hundreds of thousands. The army wanted one secretary for each unit of five hundred men. But with the number of men in the army and the number engaged in jobs which they couldn't leave at home, that goal was never reached. Ask the men who were without "Y" service part of the time. They will tell you what it meant. They are the ones who realize best what our army's life would have been without this organization. The Y.

M. C. A. assumed the prosaic, useful jobs. There was little picturesque in its work. There were weeks and months of grueling labor—in warehouses for instance.

To dismiss with a thoughtless, uninformed word the efforts of an organization which has earnestly tried to do its best is not fair play. One hears the work of the Y. M. C. A. contrasted unfavorably with that of the Red Cross. There is a sentimental reason, perhaps, for that. The basic appeal of the Red Cross is that it helps the helpless. The Y. M. C. A. dealt with whole men. That was the understood division of work between the two organizations. Soldiers who say they didn't see a Y. M. C. A. man or woman from the time they were wounded until they reached home do not realize the reason. And they don't realize how much they hurt the Y. M. C. A. when they make criticism which seems to indicate a lack of human sympathy.

When a man says the Y. M. C. A. sold dear merchandise he doesn't realize that the canteen system, supplanting the post exchanges run by the military in other wars, was run by the "Y," by request, with funds separate from those raised for the regular work of building and maintaining huts, transporting supplies and furnishing athletics, education work and entertainment. He doesn't remember, if he ever knew, that supplies were given away under fire.—Editorial in New York Tribune.

RED CROSS NURSE
MAKES HER REPORT

Miss Frances Frenette, Registered Nurse, in Tuberculosis Work in the City

DISEASE EXISTS IN BRAINERD

Are Now About 20,000 Tubercular Patients in State. Prevention Should be Studied

BY FRANCES FRENETTE, R. N.,
(Field Nurse Minn. Public Health A.
(Field Nurse for Minnesota Public Health Association)

This week finishes my five weeks engagement doing tuberculosis work in Brainerd, which work was provided for by the sale of Red Cross Christmas Seals distributed through the Minnesota Public Health association, part of which fund was retained by your city to be used later and which was recently turned over to the Minnesota Public Health association to be used for a tuberculosis survey of Brainerd.

A good deal of tuberculosis exists in Brainerd and the work started must certainly not be dropped now. It should be continued.

I have made a good many calls upon patients advising them and attempting to teach them how to prevent the spread of this disease. This is a great problem at the present time but if every one does his bit it is reasonable to suppose that the spread of tuberculosis will in some measure cease, therefore don't be a slacker.

This disease can be detected long before it becomes infectious and those people who have come in contact with it can assist by having frequent examinations to determine whether or not they have become infected. If taken in an early stage it can be cured with little trouble.

Those people already suffering from tuberculosis should by all means be admitted into a sanatorium, at least for a time, to become familiar with the treatment used in curing tuberculosis, learning to care for himself and protecting others. Crow Wing and Aitkin counties jointly have a sanatorium to care for their tubercular patients. If not willing to enter at least follow out the instructions I have given you.

We have at present about 20,000 tubercular patients in this state with only fourteen sanatoria each with a capacity on an average of about 30 beds therefore we cannot expect all our patients to receive sanatorium care, but by proper living a good deal can be accomplished by the patients themselves and if each county would provide a public health nurse all patients could be reached and follow up work done even after leaving our sanatoria and I'm sure all patients are willing to assist in blotting out tuberculosis.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces, expelling the poison from the blood and healing the diseased portions.

DAILY HEALTH TALKS

What Is The Cause of Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing-down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women, for the vegetable growths of which it is made seem to have been intended by Nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Send 10c for trial pkg. of Tablets. Address Invalids' Hotel, Buffalo, N. Y. Constipated women, as well as men, are advised by Dr. Pierce to take his Pleasant "Pills." They are just splendid for constipation.

STOP CATARRH! OPEN
NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

There's always a way a girl can help her Uncle Sammy. Vivian Martin found the way when she learned that Uncle couldn't use a lady aeroplane pilot. She did the prosaic things like knitting, but she did something else too. Something real important that you'll have to see "Her Country First" if you want to know about.

At the Best Tomorrow

Mary Roberts Rinehart, who wrote the popular story, "Her Country First," which has been pictured by Paramount for charming Vivian Martin, is the most prolific, the most popular and the cleverest woman writer in America today.

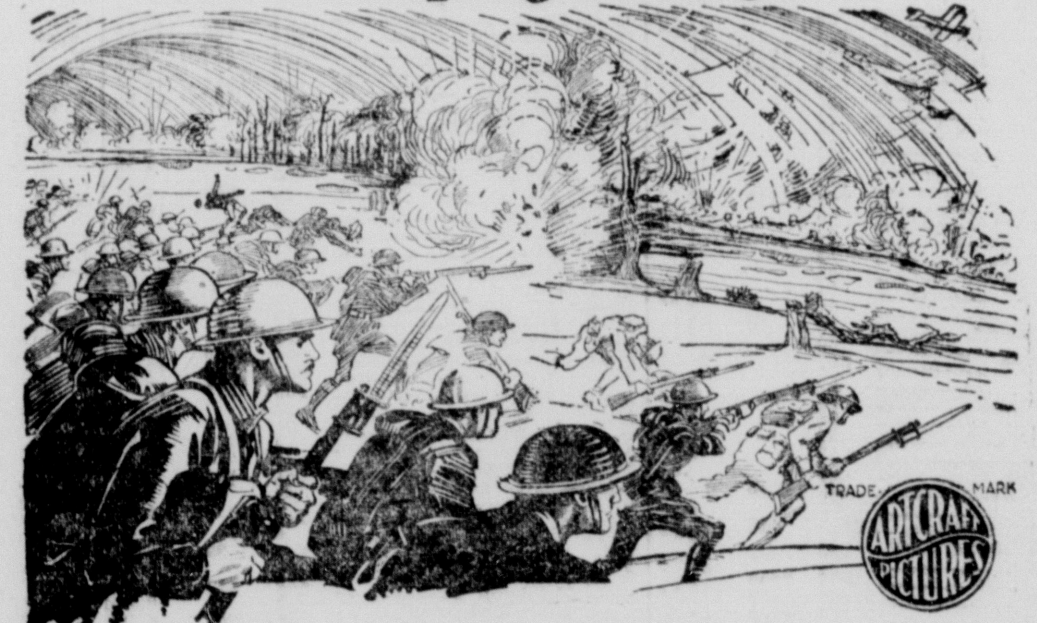

Magazine editors often say, "She can do anything," and certainly she contributes a mass of splendid material to the magazines on all sorts of subjects. Novels, short stories, travel articles, war articles—she turns them out continually. One of her cleverest stories is "Her Country First," which was arranged for the screen by Edith Kennedy, and Vivian Martin has one of the best roles of her screen career in the character of Little Dorothy Grant. It will be shown at the Best theatre tomorrow. The supporting cast is excellent.

D. W. Griffith's Great Story of Victory
The Creeping Barrage

Like the shadow on the earth of a cloud crossing the sun, the creeping barrage went forward. From artillery, miles back, the shells dropped death on the German trenches.

Behind the protecting curtain the Yanks advanced, bayonets ready, grenades in hand. Above, a bombing aeroplane darted like an angry wasp through the reek of battle.

Now you are in the midst of it with an American boy. Now you are back of the German lines where the girl he loves is in peril.

The Yanks are coming! But will they reach her in time? It's a moment of terrific suspense!

For the first time in motion pictures you are taken into the line back of a creeping barrage. For the first time you charge side by side with the army of Yanks over No Man's Land.

It shows you why the German had to quit.

Robert Harron is the American boy. Lillian Gish is the girl. You saw them in those wonderful D. W. Griffith pictures "The Birth of a Nation," "Intolerance," "Hearts of the World" and "The Great Love."

The producer? That's easy. Of course it's another D. W. Griffith production.

PRESIDENT'S PLAN FOR GERMAN COLONIES GOES

WILSON REPLIES TO OBJECTIONS

Explains in Detail to Peace Council His Plan for Disposal of Foe Colonies.

MAY BE COMPROMISE

Agreement on Question Will Probably Be Reached Through Mutual Concessions—U. S. Guardian-ship Is Suggested.

Paris, Jan. 30.—Instructions to be given the Allied mission to Poland recently authorized and about to leave on its journey were taken up by the supreme council of the peace conference.

The program called for the appearance of the Polish and Czech-Slovak representatives before the council to present their views.

South Americans Form Council.

South and Central American delegates to the peace conference have decided to create a commission to safeguard the interests of all these nations before the conference, with delegates especially assigned to look after various subjects.

The French government, according to the Paris Journal has proposed to the powers that Finland be recognized as an independent nation.

British War Cabinet Meets.

Great Britain's war cabinet had a special meeting to discuss the difficulty arising between President Wilson's plan for the disposal of German colonies and that of the other conferees, according to the Paris edition of the London Daily Mail, which adds:

"It is believed that some approach was made toward Mr. Wilson's viewpoint after Mr. Wilson's important speech giving more details of his plan. Premier Lloyd George, Foreign Minister A. J. Balfour and Premier Georges Clemenceau followed Mr. Wilson in speaking on the subject."

"Agency" Plan Offered.

The American plan looks to international control of the colonies, backward nationalities and tribes by individual powers or by agents to be known as "mandatories" of the League of Nations. These agents are to derive all their powers from the league and to act on the lines of policy dictated by that body.

One argument against the league's control of colonies advanced by the British colonial officials was that the "mandatories" might feel themselves saddled with enormous financial responsibilities in an effort to develop their wards and yet be subject to criticism in the event that they failed to bring them forward.

Wilson Answers Objection.

President Wilson himself felt called upon to answer this argument by the statement that the American plan contemplated mandatory power would be liable only for administrative expenses; other expenditures would be made only when authorized by the league, unless the colony was able to finance itself out of its own resources.

The plan has not progressed to a point where any attempt has been made to assign particular nations to these guardianships. In the case of America, it has been suggested that owing to its large influence in Turkey, through the numerous graduates of Roberts college and because of the conviction among the Turks of the disinterestedness of America, if it is called upon to assume such charge it might naturally first take upon itself the guardianship not only of Turkey in Europe, but also a considerable portion of Turkey's former provinces, including Armenia.

COURT HAS NO JURISDICTION

Federal Judge Declines to Restrict New Phone Rates.

Indianapolis, Jan. 30.—The petition of the Indiana public service commission for an injunction to prevent the Burleson long distance telephone rates from being placed into effect was dismissed by Judge A. B. Anderson in United States district court here.

Judge Anderson held his court had no jurisdiction.

Representatives of nine central states urged that the injunction be issued.

PRaises MONROE DOCTRINE

Lord Robert Cecil Says Results Have Been Satisfactory.

London, Jan. 30.—Lord Robert Cecil, the British authority on a league of nations, praised the Monroe Doctrine in an interview regarding the interest of neutral countries, especially Latin-America in a league of nations. Lord Robert said:

"The Monroe Doctrine has given satisfactory results in practice which justifies its further application as a model of operation."

COUNT ANDRASSY

Former Austrian Foreign Minister Arrives in Berne.

Count Julius Andrássy, former Austro-Hungarian foreign minister, has arrived at Berne, Switzerland.

AIMED AT BOLSHEVIKI

House Receives Bill to Regulate Immigration.

Committee Report Says Measure Will Protect Labor From Unfair Competition.

Washington, Jan. 30.—America as a melting pot "has proved to a great extent a delusion and a snare," declared the House Immigration committee in its report on the bill to prevent general immigration for four years after the signing of the peace treaty.

The report said that the legislation not only would protect American workmen from unfair competition during the period of international adjustment, but would prevent the Bolsheviki from coming to America to spread their doctrine.

"If the Bolsheviki in Russia are suppressed," said the report, "they will be the ones to come here to join their brothers, both foreign and native, in flaunting the red flag and teaching death to individuals and destruction of property."

"It is impossible to keep out revolutionists and Bolsheviki without keeping out practically everybody. We have had a law excluding anarchists for years and yet the war developed the fact that we have thousands of them in our midst."

In presenting the report, Chairman Burnett announced that he soon would offer a resolution asking for a rule to give the legislation right of way in the house.

YANKEES SECURE BIG GUNS

Five German Cannon Worth \$150,000 Each Are Sent to Coblenz.

Coblenz, Jan. 30.—The German commission notified the Americans that five guns mounted on railway cars were on their way to Coblenz from Spandau to be turned over to the Americans with other equipment, in accordance with the terms of the armistice.

Ordnance experts estimate that these guns, mounted and ready for action, are worth \$150,000 each. The other war material consists of from three to four types of bombing planes used by the Germans.

SPECIAL ELECTIONS FEB. 18

Two Vacancies in Minnesota Senate Will Be Filled.

St. Paul, Jan. 30.—Tuesday, Feb. 18, was the date set by Governor J. A. A. Burnquist for the special election of successors to Senator Carlisle L. Wallace, Minneapolis, and Senator H. F. Wells, LeSueur, who died recently. Under the provisions of the law the primary election will take place Feb. 11, and candidates will have until next Monday night to file.

STEPS TO ADJUST CLAIMS

Senate Seeks Information on Mexican Depredations.

Washington, Jan. 30.—A favorable report was ordered by the Senate Foreign Relations committee on a resolution by Senator King of Utah, asking for information from the State department regarding what steps had been taken to adjust claims of Americans growing out of Mexican border depredations.

Business Men's Fears Cause Unemployment Problem

(By United Press)

Washington, Jan. 30.—The unemployment question would instantly solve itself if American business men would forget their fears of panic and resume normal activity, Secretary of Labor Wilson declared today.

Northwest German Republic Proclaimed

BY FRANK J. TAYLOR, (United Press Staff Correspondent.)

Berne, Jan. 29.—A northwest German republic has been declared by Brunswick Soldiers and Sailors Council, dispatches received here today stated. The new state extends from the Hartz mountains to the North Sea including Hallburg, Schleswig-Holstein, and parts of Saxony and Altmärk. It is based on socialism and communism.

Hungarians Conduct Big Demonstrations

(By United Press)

Budapest, Jan. 30.—Hungarians conducted enthusiastic demonstrations throughout the country cheering the United States and allies as a result of the peace conference note warning that claims to territory occupied by force will receive no recognition at the peace table.

General Strikes are Bolshevistic

(By United Press)

London, Jan. 30.—General strikes throughout Great Britain and Ireland are Bolshevistic, Frank Smith, the British labor leader, told the United Press.

Congress Must Legislate to Provide Work

(By United Press)

Washington, Jan. 30.—Congress must legislate at once to provide work for the unemployed if the spread of bolshevism is stopped, Secretary of Labor Wilson declared.

British Embargo Declared Commercial War

(By United Press)

Washington, Jan. 30.—In clamping an important embargo on more than three hundred commodities the British have declared open commercial warfare on this country, many government officials and members of congress declared today.

BY FRED S. FERGUSON, (Staff Correspondent, United Press)

Paris, Jan. 30.—The peace bureau renewed its discussion of the German colonial problem this morning. France and Italy are reported today to have followed the British lead in modifying their expansion ambitions.

BY ROBERT J. BENDER, (United Press Staff Correspondent.)

Paris, Jan. 30.—America's participation in the peace settlement may depend on the decision regarding the disposition of the German colonies, it was intimated today.

President Wilson believes the League of Nations, the principle of which was unanimously adopted only last Saturday, will be given its death blow if the allies now insist on dividing Germany's former colonies like so much loot. The League of Nations was one of the principal ideals for which the United States entered the war. Some of the allies appear to favor carrying out the old world custom of a division of the spoils before the League of Nations begins to function, which may account for the unexpected pressure for territorial problems at this time.

Baker Will Go to Paris When Wilson Returns

(By United Press)

Paris, Jan. 30.—Secretary of War Baker will come to Paris in February it is reported on authoritative information here. President Wilson will probably return to the United States February 15th and the above dispatch may indicate that Baker will be the President's proxy at the peace table.

Home Demobilization Complete in 15 Days

(By United Press)

Washington, Jan. 30.—The demobilization of soldiers in this country booked for immediate discharge will be completed in the next 15 days.

Scotch Strikers Raid Yard

(By United Press)

Glasgow, Jan. 30.—Striking shipbuilders raided the yards today dragging out several non-unionists. A serious clash was narrowly averted.

Free Tuition for War Workers

(By United Press)

St. Paul, Jan. 30.—The house today passed the bill providing free tuition to state schools for soldiers, sailors and women war workers.

Withdraw Russian Support Unless Plan is Endorsed

(By United Press)

Washington, Jan. 30.—The United States threatens to withdraw its support from the Russian republican factions unless they at once endorse President Wilson's plans for ending Russian strife through meeting with the bolsheviki and allied delegates on the Princess islands diplomats disclosed today. A recall of American troops in Archangel and in Siberia, and an embargo against exports and a withdrawal of recognition is threatened.

Urge World Wide Prohibition

(By United Press)

Pierre, S. D., Jan. 30.—The South Dakota house this afternoon discussed a resolution commending a League of Nations and urging world wide prohibition as plank of the league.

MARINE QUESTION BIGGEST

Daniels Says America Must Continue Building Ships.

Baltimore, Jan. 30.—"The biggest question in the United States today is the merchant marine question," said Secretary of the Navy Daniels in an address here at the annual Eastern Shore banquet.

The United States, Mr. Daniels declared, cannot afford to stop building ships unless it wishes to withdraw into its own national limits and surrender its share of the trade and wealth of the world to other countries.

COAL SCARCE IN GERMANY

Reserve Stocks Are Exhausted and Many Factories Close.

Berlin, Jan. 30.—The coal shortage throughout Germany is so threatening that for the moment all other questions are overshadowed. The larger factories are already closed and it will be necessary to shut down many of the biggest plants in Berlin if the situation does not improve within a fortnight. The reserves are virtually exhausted.

RECOGNIZES POLISH REGIME

Secretary Lansing Sends Message to New Government.

Washington, Jan. 30.—Recognition of the provisional government of Poland has been accorded by the American government, officials of the State department said in making public a message which Secretary Lansing at Paris has sent by direction of President Wilson to Ignace Jan Paderewski, new Polish premier.

INTEND TO OCCUPY SILESIA

Czecho-Slovak Troops Will Invade German Province.

London, Jan. 30.—President Masaryk of the Czecho-Slovak republic, according to an official statement made by him and received here by wireless from Warsaw, has announced that Czecho-Slovak troops will occupy Eastern Silesia. He denied that Allied troops will be concerned in the occupation.

CARL VROOMAN

Assistant Secretary of Agriculture Resigns.

Carl Vrooman of Illinois, assistant secretary of agriculture, has tendered his resignation and it has been accepted by the President. Mr. Vrooman had been in poor health for some time and desires to remain abroad until he has fully recovered.

HINES OUTLINES PLANS

Intends to Spend \$300,000,000 on Railways This Year.

Individual Companies Will Be Given Chance to Pass on All Improvements.

Washington, Jan. 30.—About \$300,000,000 will be spent by railroads this year for extensions and improvements and \$200,000,000 for new cars and locomotives, according to preliminary plans of the Railroad administration, announced by Director General Hines.

Much greater capital expenditures will be authorized, but indications now are that the entire program cannot be carried out before the end of the year and no improvements or purchases of equipment will be ordered by the Railroad administration without approval of the individual railroad company.

Director General Hines believes the aggregate expenditures for extensions and improvements may run above the \$200,000,000 advance estimate and orders for new cars and locomotives may fall below the \$200,000,000 figure. These outlays are in addition to \$286,000,000 of equipment ordered last year to be delivered and paid for this year. Improvements authorized, but not accomplished last year, must be reconsidered now in the light of peace conditions and will be authorized again if they are deemed still desirable.

In 1918 \$265,931,000 was spent for additions and betterments, and \$289,388,000 for equipment.

HIGHER RATE IS PREDICTED

Fifth Liberty Loan May Be Made More Attractive.

Chicago, Jan. 29.—Indications that the Fifth and last Liberty Loan—the Victory Loan—will bear a higher rate of interest and that tax exemptions and other privileges will be accorded bond buyers were made here at a meeting of loan organization officials of the five states of the Seventh Federal Reserve district.

No hint of the amount of the loan or the exact time of floating was given.

FIXED FLOUR PRICE STANDS

Food Administration So Assures Millers and Dealers.

New York, Jan. 30.—Julius Barnes, president of the Food administration grain corporation, assured flour dealers and millers in a statement here that there would be no impairment during the present crop year of the government fixed buying price of flour. He said the grain corporation had no intention of reselling below the standard buying price the stocks of flour which it had accumulated.

LAUNCH NATIONAL BOYCOTT

Women Take Action to Force Food Dealers to Cut Prices.

New York, Jan. 30.—A national boycott on all food dealers not reducing retail prices immediately to conform to wholesale price reductions was called by the National Housewives league.

Mrs. Julian Heath, president of the league, dispatched telegrams to all state and city headquarters urging them to instant action to force down food prices.

GERMANS DESIRE KAISER'S RETURN

Movement Under Way to Place Former Emperor Back on the Throne.

NOTED PERSONS ACTIVE

Field Marshal Von Hindenburg and Leading Manufacturers in Westphalia are Said to Be Interested in Plan.

Paris, Jan. 30.—According to the Echo de Paris, Field Marshal Von Hindenburg is endeavoring to bring about the return of former Emperor William after the meeting of the national assembly.

Leading German manufacturers in Westphalia are said to be interested in the plan.

The newspaper adds that the former emperor wrote to Premier Ebert that he would accept whatever residence in Germany was assigned to him.

Ebert is said to have replied that only the national assembly would be qualified to decide the question.

Sympathize With William.

Berlin, Jan. 30.—Conservative German newspapers commemorated the former kaiser's birthday by expressions of sympathy for him.

The Deutsche Tages Zeitung stated that it looked forward confidently to the hour when Germany again will be an empire under the rule of a kaiser, but said it did not necessarily mean that William should be returned to the throne.

It did, however, express hope that a homestead for the deposed Hohenzollern could be found in Germany and promised that the utmost measures would be taken, in that case, to protect him from falling into the hands of his enemies.

"It is our sacred duty," said the Lokal Anzeiger, "to remember with love and admiration the men who have plunged from the highest heights to the deepest depths."

Government to Be Turned Over.

Berlin, Jan. 30.—The German cabinet plans to turn over the government to the national assembly at the initial meeting of that body, according to dispatches received from Berlin.

Such a move, it was believed, would be the biggest possible step toward stabilization of German political affairs, enabling representatives directly selected by the people to determine all administrative and legislative details of the new republic.

Other dispatches from Berlin reported that the Ninth army corps had refused to accept the government's plans for military reorganization and that the officers and soldiers' councils, claiming supreme authority in army matters, had sent delegates to the capital to press their claims before the government.

OPPOSE MEETING BOLSHEVIKI

Northern Russians Object to Conference With Reds.

Archangel, Jan. 30.—General Miller, governor general of the region of the North and head of the North Russian government during the absence of President Tschakovsky, has presented to the Allies in Archangel, for transmission to Paris, a statement outlining the physical and moral impossibility of holding any conference with the Bolsheviki.

The statement says that it is not only inadvisable to hold any parleys with the Bolsheviki, but it would be physically impossible for delegates from the Northern region to reach the Princess Islands by Feb. 15 without passing through Bolsheviki territory, which they consider impossible.

KEEP YPRES RUINS INTACT

Belgium Will Maintain Permanent Memorial.

London, Jan. 30.—The decision of the Belgian government to maintain Ypres, the scene of several battles between the British and the Germans, in its present condition as a permanent memorial, is endorsed heartily by British press and public opinion.

"Ypres will be a memorial," says the Westminster Gazette, "in which future generations may learn the horrors of war."

LEAVENWORTH PRISON BURNS

Fire of Unknown Origin Destroys Military Penitentiary.

Leavenworth, Kan., Jan. 30.—Fire of undetermined origin virtually destroyed the federal disciplinary barracks here with a resultant loss estimated at \$100,000. In addition, clothing in the quartermaster's department, said to have been valued at \$60,000, was destroyed. Soldiers were thrown about the buildings and prisoners assisted in fighting the flames.

First Session of International Food Council in Paris

Delegates to the International Food Council are seen here at their first official meeting in the Ministry of Commerce in Paris. From left to right at the table are Norman K. Davis, Herbert C. Hoover and Mr. Shelton, representing the United States; Professor Attolico of Italy; General Payot, French representative in charge of reconstruction work west of the Rhine; M. Vilgrain and M. Clementel, also representing France; and Lord Reading and Sir John Reale of Great Britain.

Dainty Lillian Gish has the stellar role. He was too heavy for the slender girl to carry, and her aged aunt couldn't aid much. All about her were sacks filled with sand, protecting the family from the Hun bombardment of the village. Then came the inspiration. They would bury him in the sand. Sack after sack was dragged from the walls, and he would smother while the Germans were making their search. But discovery meant death for all.

Then he winced. Something under him was hard. He started to remove it. In his hand he held a cigarette holder that he carried always. Instantly the plan was completed. A handkerchief with a square removed from his mouth, was put over his face. The stem was placed between his lips. Then all was covered, with just the rim of the holder visible in the sand. The Germans looked, but did not see it. They threatened, bullied and prodded and poked, but found nothing.

At last they left, and Mon le Boe was safe. Not for long, however. The affairs of Mon le Boe and little Jeanette are an absorbing part of the new Griffith drama, which is one of the finest that has ever been presented by that master of the motion picture.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

At the Best Tonight

At the Best Tomorrow

Max Roberts Rinehart, who wrote the popular story, "Her Country First," which has been pictured by Paramount for charming Vivian Martin, is the most prolific, the most popular and the cleverest woman writer in America today.

Magazine editors often say, "She can do anything," and certainly she contributes a mass of splendid material to the magazines on all sorts of subjects. Novels, short stories, travel articles, war articles—she turns them out continually. One of her cleverest stories is "Her Country First," which was arranged for the screen by Edith Kennedy, and Vivian Martin has one of the best roles of her screen career in the character of Little Dorothy Grant. It will be shown at the Best theatre tomorrow. The supporting cast is excellent.

IN JUSTICE TO THE Y. M. C. A.

There is danger that a very grave injustice will be done the Y. M. C. A. Our fighters seem to be in a crouch with it. The most human quality of youth is gossip. "If they didn't kick, they wouldn't fight," said an officer in France last summer when he reminded a "Y" secretary that his doughboys were kicking about their mail, their food, their quarters, and their pay.

Before the armistice was signed we used to hear that the Y. M. C. A. was open to criticism behind the lines but that at the front the services rendered under fire were beyond praise. One commanding officer insisted that the "Y" secretary attached to his battalion march with the men through Paris on the Fourth of July. Secretaries were mentioned in citations and were elected honorary members of outfits.

You can't very well criticize a man when he crawls out of your machine gun nest through a barrage to bring you your smokes and cookies and chocolates and letters from home. And the records show that secretaries did things like that. Many were wounded, some were killed.

The secretary in his hut back in the training area had a harder time and less opportunity to win popularity. He was a country storekeeper, a janitor, a theatrical booking agent, a promoter of athletics and a librarian rolled into one.

Formerly the criticism one heard of the Y. M. C. A. took these difficulties and differences into account, and was at least discriminating, but now it is becoming fashionable to say unpleasant things about the organization, and much of its really fine work is disregarded.

When you remember that each military unit formed its opinion of the whole Y. M. C. A. organization from one Y. M. C. A. secretary you can realize how much energy, tact and resourcefulness each of many hundreds of secretaries should have had. Unfortunately many of them didn't measure up. That was inevitable.

Perhaps the greatest fault of the Y. M. C. A. was that it assumed too many burdens. It was asked by the army to run the canteens, and it did. It was asked to organize entertainments, athletics and educational work, and it did. It was asked to send money home for the soldiers, and it did. The army called for more new secretaries, and still more. The Y. M. C. A. got them and sent them over, believing that, even though all of them weren't ideal, it was better to send them than to let the landing troops be without their huts. And the troops were landing by the hundreds of thousands. The army wanted one secretary for each unit of five hundred men. But with the number of men in the army and the number engaged in jobs which they couldn't leave at home, that goal was never reached. Ask the men who were without "Y" service part of the time. They will tell you what it meant. They are the ones who realize best what our army's life would have been without this organization. The Y.

M. C. A. assumed the prosaic, useful jobs. There was little picturesque in its work. There were weeks and months of grueling labor—in warehouses for instance.

To dismiss with a thoughtless, uninformed word the efforts of an organization which has earnestly tried to do its best is not fair play. One hears the work of the Y. M. C. A. contrasted unfavorably with that of the Red Cross. There is a sentimental reason, perhaps, for that. The basic appeal of the Red Cross is that it helps the helpless. The Y. M. C. A. dealt with whole men. That was the understood division of work between the two organizations. Soldiers who say they didn't see a Y. M. C. A. man or woman from the time they were wounded until they reached home do not realize the reason. And they don't realize how much they hurt the Y. M. C. A. when they make criticisms which seem to indicate a lack of human sympathy.

When a man says the Y. M. C. A. sold dear merchandise he doesn't realize that the canteen system, supporting the post exchanges run by the military in other wars, was run by the "Y," by request, with funds separate from those raised for the regular work of building and manning huts, transporting supplies and furnishing athletics, education work and entertainment. He doesn't remember, if he ever knew, that supplies were given away under fire. Editorial in New York Tribune.

RED CROSS NURSE MAKES HER REPORT

Miss Frances Frenette, Registered Nurse, in Tuberculosis Work in the City

DISEASE EXISTS IN BRAINERD

Are Now About 20,000 Tubercular Patients in State, Prevention Should be Studied

BY FRANCES FRENETTE, R. N., (Field Nurse Minn. Public Health Association for Minnesota Public Health Association)

This week finishes my five weeks engagement doing tuberculosis work in Brainerd, which work was provided for by the sale of Red Cross Christmas Seals distributed through the Minnesota Public Health Association, part of which fund was retained by your city to be used later and which was recently turned over to the Minnesota Public Health Association to be used for a tuberculosis survey of Brainerd.

A good deal of tuberculosis exists in Brainerd and the work started must certainly not be dropped now. It should be continued.

I have made a good many calls upon patients advising them and attempting to teach them how to prevent the spread of this disease. This is a great problem at the present time but if every one does his bit it is reasonable to suppose that the spread of tuberculosis will in some measure cease, therefore don't be a slacker.

This disease can be detected long before it becomes infectious and those people who have come in contact with it can assist by having frequent examinations to determine whether or not they have become infected. If taken in an early stage it can be cured with little trouble.

Those people already suffering from tuberculosis should by all means be admitted into a sanatorium, at least for a time, to become familiar with the treatment used in curing tuberculosis, learning to care for himself and protecting others. Crow Wing and Aitkin counties jointly have a sanatorium to care for their tubercular patients. If not willing to enter at least follow out the instructions I have given you.

We have at present about 20,000 tubercular patients in this state with only fourteen sanatoria each with a capacity on an average of about 20 beds therefore we cannot expect all our patients to receive sanatorium care, but by proper living a good deal can be accomplished by the patients themselves and if each county would provide a public health nurse all patients could be reached and follow up work done even after leaving our sanatoria and I'm sure all patients are willing to assist in blotting out tuberculosis.

DAILY HEALTH TALKS

What Is The Cause of Backache?

BY DOCTOR CORNELL

Backache is perhaps the most common ailment from which women suffer. Rarely do you find anybody free from it. Sometimes the cause is obscure, but Dr. Pierce, of Buffalo, N. Y., a high medical authority, says the cause is very often a form of catarrh that settles in the delicate membranes of the feminine organs. When these organs are inflamed, the first symptom is backache, accompanied by bearing-down sensations, weakness, unhealthy discharges, irregularity, painful periods, irritation, headache and a general run-down condition. Any woman in this condition is to be pitied, but pity does not cure. The trouble calls for Dr. Pierce's Favorite Prescription, which is a separate and distinct medicine for women. It is made of roots and herbs put up without alcohol or opiate of any kind, for Dr. Pierce uses nothing else in his prescription. Favorite Prescription is a natural remedy for women, for the vegetable growths of which it is made seem to have been intended by Nature for that very purpose. Thousands of girls and women, young and old, have taken it, and thousands have written grateful letters to Dr. Pierce saying it made them well. In taking Favorite Prescription, it is reassuring to know that it goes straight to the cause of the trouble. There is but one way to overcome sickness, and that is to overcome the cause. That is precisely what Favorite Prescription is intended to do.

Send 10c for trial pkg. of Tablets. Address Invalids' Hotel, Buffalo, N. Y. Constipated women, as well as men, are advised by Dr. Pierce to take his Pleasant Pellets. They are just splendid for constiveness.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

D. W. Griffith's Great Story of Victory

The Creeping Barrage

Like the shadow on the earth of a cloud crossing the sun, the creeping barrage went forward. From artillery, miles back, the shells dropped death on the German trenches.

Behind the protecting curtain the Yanks advanced, bayonets ready, grenades in hand. Above, a bombing aeroplane darted like an angry wasp through the reek of battle.

Now you are in the midst of it with an American boy. Now you are back of the German lines where the girl he loves is in peril.

The Yanks are coming! But will they reach her in time? It's a moment of terrific suspense!

For the first time in motion pictures you are taken into the line back of a creeping barrage. For the first time you charge side by side with the army of Yanks over No Man's Land.

It shows you why the German had to quit.

Robert Harron is the American boy. Lillian Gish is the girl. You saw them in those wonderful D. W. Griffith pictures "The Birth of a Nation," "Intolerance," "Hearts of the World" and "The Great Love."

The producer? That's easy. Of course it's another D. W. Griffith production.

Mrs. Caniff Turned in Alarm, Neighbors Worked to Save Contents of the Home

Some jinx was on the scene Wednesday midnight when Gilbert Lee went to the train to meet his wife returning from the Twin Cities. He left a good warm fire in the stove.

The house burned down and the neighbors worked to save some of the furniture. The alarm was turned in by Mrs. Caniff. As Mrs. Lee stepped from the train to greet her husband, boys of the neighborhood informed them they had lost their home.

The house was five rooms two stories high and little insurance was carried.

ANNUAL MEETING OF COUNTY FARM BUREAU

At Chamber of Commerce Rooms Saturday, February 1, Following Livestock Shipping Meet

FARM BUREAU PROJECTS

Improving Livestock and Seed Industry, Large Gathering of Farmers Expected Saturday

The annual meeting of the Crow Wing County Farm Bureau will take place Saturday, the first of February, at the Chamber of Commerce rooms.

This meeting will immediately follow that of the Livestock Shipping association which will take place on the same day, at one o'clock in the afternoon.

The directors consider that the major project for this year should be the development of the Farm Bureau. Ways and means for improving livestock and developing the seed industry have been suggested.

It is believed that the Farm Bureau may serve the same purpose as the Livestock Breeder's association, a Crop Improvement association, and other organizations of that character. These questions and many others will be considered at the meeting.

GREAT PERSONAL INJURY LAWYER

Samuel A. Anderson of St. Paul, to Appear for Plaintiff George O. Russell in Case

VS NORTHERN PACIFIC RY. CO.

Charged that Broken Cotter Pin Bolt Struck Russell in Eye and Caused Loss of Same

Samuel A. Anderson of St. Paul, one of the best known and most skillful personal injury trial lawyers in the United States, whose cases carried to supreme court have in thirty years made law for this branch of practice, will appear for the plaintiff in the case of George O. Russell vs the Northern Pacific Railway Company and John Pihlstrom.

The complaint recites that a machinist in the shops, cutting a cotter pin bolt, chipped a piece against a boiler and it rebounded and struck Russell in the eye, breaking his glasses and destroying the sight of his left eye. Suit was entered for \$15,000 damages.

There will be an array of medical testimony too, Dr. Chamberlain of St. Paul for the defense and Dr. Russell M. Wilcox of Minneapolis for the plaintiff.

For the defense will appear C. W. Dunn and D. F. Lyons of St. Paul and M. E. Ryan of Brainerd. The case was set Thursday, bidding fair to last some days.

Associated with Mr. Anderson is Mal D. Clark of Brainerd. At the afternoon session the plaintiff, Mr. Russell, was under cross-examination.

Dr. Wilcox, an eye specialist of Minneapolis, testified examining the eyes of Mr. Russell, and from his memoranda, testified as to the condition of the eyes.

VERDICT FOR DEFENDANT

Brainerd Publishing Co. Wins in the Suit Brought by George H. Gardner

The jury in district court before Judge W. S. McClenahan in the case of George H. Gardner vs the Brainerd Publishing Co. returned a verdict for the defendant. It was a suit for rent in which the defendant put in a counter claim that little or no heat was furnished him as tenant. Swanson & Swanson were attorneys for the publishing company.

C. A. Martinson Draws an Indeterminate Term at Stillwater Not to Exceed 10 Years

DEVOTEE FRENZIED FINANCE

Ice Harvest Under Way in the Village, Ice in Serpent Lake Measures 14 Inches

Deerwood, Minn., Jan. 29—A career in high frenzied finance was concluded by C. A. Martinson when he was sentenced at Duluth to serve an indeterminate term in the Stillwater penitentiary not to exceed ten years. He was found guilty of appropriating \$15,000 from the bank at Proctor. During the time he was awaiting trial he returned \$12,000.

The Bay Lake Fruit Growers Association held a meeting on Saturday afternoon.

Ice harvesting is under way, the product of Serpent Lake being 14 inches thick and thus in fine shape to be handled.

Alfred and George Cowling were at Brainerd on business matters.

E. C. Hendrickson, manager of the Decker Lumber Co. yard at Deerwood, attended the convention of yard managers held at Wadena. There was a banquet and addresses and much opportunity for an interchange of views and the gaining of much valuable experience.

Miss Carrie Rushmeyer of Aitkin was visiting friends in the village.

C. F. Peterson and son Arthur were in Brainerd.

Mr. and Mrs. Sherman Renecker are the proud parents of a bouncing baby boy who weighed ten pounds.

TROMMALD

Trommald, Minn., Jan. 29—Keeping money in his overcoat pocket proved a bad sort of a depositary, as was ascertained by M. Marovich who lost \$1,500 and a \$50 Liberty Bond. He had worked hard four years gaining the nest egg which was to raise funds to have his family come from Europe and join him here.

St. Paul, Minneapolis, Duluth, Detroit and Chicago engineers and contractors were on the range viewing sites for proposed water works system in Trommald and Manganese.

Miss Ella M. Wilnot was a guest of Miss Walborg Johnson of Brainerd and attended the Electrical Workers dance in Brainerd.

FAT WOODS ON WAY TO MAKE THE MOVIES

Brainerd Boy, Weight 500, Gets Jammed in the Depot Door at Kansas City on Way West

WILL MAKE GOOD, ALL RIGHT

Will Give Arbuckle and Other Fat Film Stars a Run for the Money in the Films

Thomas (Fat) Wood, weight 500 pounds, famous the world over as Joe Bullet Bush's kid trainer and later developing into a singer and entertainer of note, winter carnival marching club king at St. Paul, then "Pan" publicity man, is now on his way to California to enter the movies providing room can be found for his avoirdupois.

At Kansas City Mr. Wood tried to shove his bulk and two suit cases through the depot door, stuck fast and blocked traffic. Brainerd people know Fat will give Arbuckle and all the other big fellows a run for their life in the films.

In 1918 Mr. Wood sang and entertained for the Red Cross and raised much for them and was given a medal for his work. He sang in dozens of soldiers camps and staff generals said he would be just the thing for a barrage protector. Fat tried to enlist in army, navy, air or tank service, but was turned down because of excessive weight. Hay scales at Brainerd had to be used to record his weight when he was examined, as the dinky little doctor scales jammed and were only good up to 300 pounds.

The Kansas City Times write-up follows:

A great crowd of soldiers and travelers waiting for trains at the Union Station last night was gathered about one of the doors that open from one of the long hallways leading up from the train sheds into the lobby. Laughter could be heard throughout the station. The noise drew nearly everyone out of the waiting room to see what was going on, adding to the crowd and to the laughter.

The center of attraction was a man, but some of the crowd remarked he was big enough for three men. At first glance the guests saw that he weighed about five or six hundred pounds. He had two suitcases in his hand, and had found a door too small for him and his suitcases to get through at the same time. It was his plight that caused the merriment. He finally worked his way through the doorway by leaving his suitcases behind, and it was necessary for a "red cap" to carry them through the door for him. In answer to a question, the man explained that he weighed 485 pounds, was six feet, four inches tall, and 23 years old. His name was Thomas Wood he said, and lived in Brainerd, Minn. He was on the way to California.

Reports were made and plans laid for a successful shooting season. Dues were continued at \$2 per annum. During the war the club was represented by twenty men at the front who had gained valuable experience on the Brainerd range of the rifle club.

Notice of Cancellation of Contract.

Notice is hereby given, that default has been made in the conditions of that certain contract made and entered into on the Twenty-fourth (24) day of August, A. D. 1916, by and between Fred M. Koop, owner of the real property herein-after described, and John Frank, purchaser, for the conveyance of the following described real estate, to-wit: The Northeast quarter of the Northwest quarter, (NE 1/4 of NW 1/4) and the North one half of the Northeast quarter, (N 1/2 of NE 1/4), and the Southeast quarter of the Northeast quarter, (SE 1/4 of NE 1/4) all in Section number Twenty-four (24) in the Township numbered Forty-three (43) Range Thirty (30), west of the Fourth Principal Meridian in Minnesota, according to the United States Government survey thereof containing 160 acres of land more or less, situated in the County of Crow Wing and State of Minnesota.

The default made and condition broken is the non-compliance and utter failure to perform that part of the conditions of said contract as follows: "With interest at the rate of seven (7) per cent per annum payable annually on all unpaid balances." It being stipulated that said interest on all unpaid balances should be paid annually and the condition of said contract being: "But should default be made in the payment of any or either of the said several sums of money, or any part thereof, to be by him paid, or in the payment of the interest thereon"; and also the failure to pay any part of the taxes assessed against the said property since the execution of said contract. That the amount of interest due and payable at the date of this notice is the sum of Three Hundred Thirty-eight Dollars and Ninety-four Cents (\$338.94), and taxes, if any.

Now, therefore, you, John Frank, are hereby notified that the said Fred M. Koop will terminate said contract at the expiration of Ninety (90) days after the service of this notice upon you unless prior thereto and before the expiration of said Ninety (90) days, you shall comply with all the conditions of said contract in every particular by the payment in full of all moneys due thereon, the costs of the service of this notice, and then and from thereafter your rights in said contract will be forever barred.

Dated November 4th, 1918. FRED M. KOOP. W. H. CROWELL, Attorney for Fred M. Koop, Suite 2, City Hall Building, Brainerd, Minnesota.

DELCO-LIGHT Increases Farm Efficiency

Fifty thousand Delco-Light plants in operation on American farms are saving at the most conservative estimate, an hour a day each—or over 18,000,000 work hours a year.

That is equal to an army of 60,000 men working ten hours a day for a full month.

Delco-Light is a complete electric light and power plant for farms and suburban homes.

It furnishes an abundance of clean, safe, economical light, and operates pump, churn, cream separator, washing machine and other appliances.

It is also lighting rural stores, garages, churches, schools, army camps and railway stations.
